PROFESSIONAL SUMMARY

An innovative and well-experienced front-end developer with 3+ years of experience building and developing user-friendly, interactive, and responsive web applications with skills gathered over the years. Every day, I learn, build, and try to gain access to new knowledge, since the tech space grows and introduces new technologies.

SKILLS

Technical: HTML, CSS, Bootstrap, JavaScript, Typescript, Tailwind CSS, Nextjs, Reactjs, Golang, Git.

Soft skills: Writing, communicating, teamwork

Languages: English(Proficient), Yoruba(Conversational)

PROJECTS

Homease | homease.ng

May 2024 - Aug 2024

- A real estate property project where properties are populated and can be uploaded by the landlords.
- A place for easy communication between the landlord and the tenants.
- Consumption of robust apis for a standard UX around the dashboard.

The Advertisers | the-advertisers.com

April 2024 - June 2024

- An e-commerce platform for buyers and sellers.
- A checkout functionality, amongst many other features.
- Easy access to products as a seller and as a buyer.

Mother and Child Health Project | motherandchildhealthproject.com

March 2024

- Built the website for this global NGO using react, javascript, and tailwindcss.
- Management of the website.
- Enabling easy access to the website for the users.

Softascore | softascore.com

May 2025

- Built a live matching website for users to get real-time matches, fixtures, and results using Next.js, TypeScript, and tailwindcss.
- Users can view the match as the match is ongoing.
- Responsive on all device formats.

WORK EXPERIENCE

HNGx Internship, Nigeria — Frontend Developer Internship (Remote)

Sept 2023 - Oct 2023

- Learnt and adapted to working under pressure.
- Collaborative teamwork was a cornerstone of my experience, wherein I actively contributed to a substantial project as a dedicated team member.
- Contributed to the team to build user-friendly applications with Next.js and TypeScript.

LINK TECHNOLOGIES, USA — Frontend Developer (Remote)

Aug 2024 - Dec 2024

- Enforcing website standards for visual and design integrity using Next.js and TypeScript.
- Utilizing APIs to provide data for web applications.
- Crafting a real-time dashboard for the quick management of fleets for users.

FONU TELCONIX, NIGERIA — Frontend Developer (Remote)

Aug 2024 - April 2025

- Revamping and restructuring an existing codebase.
- Consuming APIs using ReactJS, NextJS, and TypeScript for the population of data.
- Building a legacy in the Nigerian telecommunications space.

UTIVA, NIGERIA — Frontend Developer (Remote)

May 2025 - PRESENT

- Building with React, TypeScript, Zustand for state management, and tailwindcss.
- Building internal projects for the company's use.
- Working with industry-standard teams to ease product deliveries and create a proper company standard.

EDUCATION: UNIVERSITY OF LAGOS, Lagos, Nigeria **August, 2025** *Bachelor of Arts, English*
